

Mini-Rester™

Male CPVC Residential Water Hammer Arrester

660-V82B

- New 1/2" male CPVC connection saves time and material on every installation
- Installs directly into female CPVC fittings, reducing the amount of joints and material
- Same high-quality Mini-Rester piston design performance
- May be installed at any angle

Male CPVC arrester fits directly into female fitting, eliminating extra joints.
